**Subject:** Site 206

Dear Sirs,

The above site and those immediately adjacent which have been submitted fit well within the accessibility criteria of access to public transport, school, health and employment for site selection. In addition they provide an opportunity to provide additional housing in Pickering in an area which is relatively well screened and located within natural road boundaries. This should allow the development to occur with minimal impact on the attractive western approach to Pickering.

The area is very suitable for family housing with the junior and senior schools nearby and no main road to cross to access the schools.

I trust you will look favourably on the site.

Kind regards

Chris Wilson  
BSc MRICS  
Managing Director
