Subject: Local Plan Sites Consultation October 2015

Comments on Kirkbymoorside

I think the council should follow option 1 and allow the redevelopment of the Micrometalsmiths site and adjoining land for residential purposes to support the relocation of the factory.

Consideration should also be given to using part of this block of land for small office buildings to house professional highly paid workers.

Any new permission for retail development of site 369 should require an upper storey for offices.

Site 622 appears to be reasonable for employment land.
