**Subject:** Current Sites Consultation: Development Limits

Dear Rachael,

You will recall that on 24 Nov we spoke on the current consultation. One of my questions was about development limits.

I understand how they will be adjusted after new development sites in larger settlements have been finally approved. I asked about any changes to existing limits from the 2002 adopted Local Plan. The concept has of course been retained for all settlements including 'other villages' under current Policy SP2. The original limits may of course need updating to reflect changes since work was done at least 15 years ago for the previous Local Plan.

You referred me to the public inquiry into the Local Plan Strategy. I have looked at Inspector Pratt's report of 14 Aug 2013. There is some discussion at his para 32. It mentions the role of 'other plans'. However I am not altogether clear about your council's intentions on amendments.

Please could you let me know what has been decided on this issue. It would be helpful if you could refer me to the appropriate paragraph numbers in any relevant documents.

I look forward to hearing from you. I need a reply in good time to meet your 14 Dec deadline.

Regards,

Pat
