Subject: Re: Sites Consultation- Local Plan Sites Document sent on behalf of Mrs Rachael Balmer

Dear Charlotte

Thank you for your e mail.

You indicate that this consultation is about finding sites to meet a level of development which has already been established and you are not considering sites other than in or around Market Towns or the ten Service Villages.

In the following paragraph you state that 'If you are a landowner or agent you may wish to provide further information to help us understand whether the site you have submitted is both deliverable and developable or whether to help understand whether any impacts associated with the development of your site can be mitigated'.

Does this invitation, because of the previous paragraph, only relate to land within the Market Towns or the ten Service Villages and previously offered sites in other villages are automatically ruled out?

As a consequence of this if there are to be no site specific or site allocations in the lesser villages what policies will apply?

I would be grateful for answers to the points raised.

Kind Regards

Tim Dykes
