18<sup>th</sup> November 2015

CC: Cllr V Arnold

Dear Mr Housden

**Sites Consultation – Local Plan Sites Document**

I have been instructed by the parish council to write to you in regard to the above consultation document.

Last year we received a presentation from representatives of your team, during which we were led to understand that all but one site had been discounted for a variety of reasons. However on looking at the consultation document recently circulated we are concerned that all the original sites remain as potential sites. The parish councillors wish to know why these sites remain within the document?

The only site that is acceptable by local residents is site "480" which is located on the east side of Staxton. Residents have no objections to development taking place at this location, but are firmly against any development in any of the other locations highlighted in your consultation document.

Can you confirm that sites No's: 177, 217, 591, 112, 557, 72 434 and 69 will not be developed?

I look forward to your response.

Yours faithfully

Chris Adnitt BSc  
Clerk to Willerby Parish Council
