

Dear Sirs

I am writing to strongly object to the application to build an estate of houses off The Whitby Road. I live on Corbie Way, and my bungalow backs on to proposed site.

My grounds for objection are:

The lack of privacy that this develop will cause to all the houses on Whitby Road, Corbie Way and Marshall Drive.

The increased risk of flooding. Many reports have been written about fields being built on and the increases of flooding.

I do not believe that the exit/entrance to the proposed site is safe, either for vehicles or pedestrians. The effect that this increase in populations is going to have on the Schools and Doctors surgery, (there is still the ongoing building at Michele Hill) This development is too big and unnecessary, and I would therefore like to lodge my objection.

Kind Regards

Carol Barker

(45 Corbie Way)

I am at present in Pinderfields Hospital undertaking rehabilitation following a spinal stroke, so please forgive any typos as I am writing this on my back
